Hi John - My name is Kristy Beck-Nelson and I am the new practice manager at Missoula Oncology and Infectious Disease in Missoula, Montana. Phil Schweber is the previous administrator here, and has suggested your name to me.

Blue Cross is looking at substantially cutting our drug reimbursement July 1 and I am looking for some reimbursement data from around the country to build an argument against this cut. I am wondering what percent of AWP you are seeing for reimbursement from the Blues or other big payers. I am also looking for information about facility fees - if you are familiar with them - how they are being used - what you are being paid for them.

My e-mail address is kbeck@moid.com, or you are welcome to call me at 406-728-2539. Thanks so much for your time. Kristy Beck-Nelson
